

## TECHNICAL SHEET

### ROLL&COMB 502 E-V19 (59-0008)

Clean your artificial grass off moss, leaves, pine needles and other debris while combing and lifting the bristles of the artificial grass. Its brushing system sends the waste to the 40l collection bag. It has working height adjustment to adjust the intensity of the comb. Recommended from 150 m<sup>2</sup> to 450 m<sup>2</sup>

Patented utility model.
